POLICE.

The Police Department has four Regular Officers, the Chief, and a Officer who works two and one half days on vacant shifts.

The streets are covered by three eight hour shifts. The Station by the Chief from 8 A.M. to 6 P.M. and one eight hour shift at night 6 P.M. to 2 A.M.

The vacant shift Officer works one eight hour shift on Monday from 12 midnight to 8 A.M. A five hour shift Thursday 8 A.M. to 1 P.M. and a seven hour shift Thursday 5 P.M. to 12 Mid. There is no one on duty in station from 2 A.M. to 8 A.M.; the Chief is on alone Thursday from 1 P.M. to 5 P.M. Sundays the Chiefs day off the street Officer is alone from 8 A.M. to 6 P.M. and on Tuesday the street Officer is alone from 6 P.M. to 8 A.M. next morning. With one Officer on duty alone, this means there is no one in station to cover radio, no one the street Officer can contact if in trouble and no one to care for a prisoner when locked up, he is in the cell locked in, no one in building. This is a bad condition and I hope it can be corrected.

The department has a cruiser with radio and also radio in station, but at various times with no one in station the department cannot function efficiently during periods when only one Officer is on duty, particularly during an emergency.

A working schedule is shown so one can readily see how the department functions with its present man power.

Signed

Howard W. Campbell
Chief of Police

BE A GOOD CITIZEN - COOPERATE

Smoking and debris burning caused more than 50 percent of the forest fires occurring in the state of New Hampshire in 1955 - 235 fires out of a total of 463 originated from these two sources. Lighted smoking material and matches thrown from moving vehicles along the highway or dropped by fishermen, hunters, hikers, berry and flower pickers accounted for 26 percent; debris burning in the wrong place or at the wrong time by those who failed to heed all pleas for safety or refused to recognize the logical, sensible rules and regulations set up under legislative authority governing the use of fire in or near woodlands accounted for more than 24 percent. This is inexcusable.

But what of the smokers? Despite all the efforts of those officially charged with the responsibility of preventing fires, too many were careless or thoughtless in disposing of smoking material and matches. Why? It is difficult to say. Autos are now equipped

with ash trays. Why not use them. The crushing out of a cigar, cigarette and the complete extinguishment of matches before being discarded is an easy chore.

If the costly habits of the careless and indifferent smoker and debris burner could be overcome, more than half of our annual forest fires would be eliminated. Will YOU do YOUR share to bring this about?

REMEMBER

1. Get a written permit from your local warden before starting your debris burning or camp fire. The law requires it.
2. Make certain they are dead out before leaving them.
3. Become a safe smoker by extinguishing smoking material and matches before discarding them.

1955 LIBRARY REPORT

The 51st annual report is herewith presented:

The Derry Public Library has just completed its 50th year of library service to the town.

Let us take a quick glance back and compare the services rendered by the library during the past half century. Fifty years ago there were 1229 books on the shelves. Today we have 16,737 available to our town's people. During the first year 9,747 books were loaned. This year we loaned 32,459 for home study and general reading.

The reference room is well patronized by the students. Each year more and more reference questions are answered and material made available to the students, not only to our town but for those who are attending schools and colleges outside town.

In the fall when schools first opened, the library staff invited the teachers of our graded schools to meet for a social evening. Many accepted the invitation and a very interesting evening was enjoyed. Books and pictures were looked over and many of the teachers selected material to use in their classrooms.

Later in the month the Sisters of the Parochial school visited the library. This visit gave the Sisters a chance to see what material might be obtained to help them in their school work. They also borrowed many books and pictures during the school year.

Book-Week was observed as usual. Displays of books and bright pictures were placed about the room. Material suitable for the occasion was sent to all the schools.

The library was a very busy place during the 15 weeks of the Teacher's Workshop which was held in the Hood school early in the Spring. Material was made available to the group for the entire course. Displays of books and copies of original illustrations from some of them were loaned to the Hood Grinnell and Chester schools for exhibits at the close of the course. Your librarian met with the group for a very interesting panel discussion between teachers, instructor and the librarian. The library was repre-

sented by members of the staff at each of the three exhibits.

Due to a change in the method of putting books into the schools, our school circulation is lower than last year. However we feel more students are making direct contacts with the library, and that is one of the contributing factors in the increase of circulation day by day.

REPORT OF TRUSTEES

With no change in staff the services of the library were continued as usual. The library staff has co-operated with small community groups that can be accommodated in the library or basement area so that many meetings are held here throughout the year.

The board of trustees lost two valued members during the year. Mrs. Helen O'Hara moved from town. The death of Rev. William B. Locke was regretted by all connected with the library. He had served conscientiously as a trustee for a period of 10 years.

The selectmen announced on Feb. 9th that the interim appointees would be Mrs. Pauline Van Scoten and Mrs. Laurice Partington.

The cooperation of the State Library and the interest of the library staff makes it possible for any library patron to have access to the volumes available at the State Library as well as those in the local library. The service rendered to the clients of the library is efficient and courteous.

The installation of the new boiler completes a ten year program of renovation and modernization of library plant. In the first five years a new floor was laid, the interior was redecorated, and in a three year period the library was relighted. In the succeeding years the cash balance was built up through appropriations until sufficient monies were accumulated to install the boiler.

Now, that the library is well lighted and well heated the staff and trustees urge greater use of these facilities.

Alan B. Shepard, Treasurer

To the Trustees of Taylor Library the following report is respectfully submitted:

1955 marks a milestone in Taylor Library History. After fifty-two years of being housed in the upper room of the Town House the library was moved in 1930 across the street to the Shepard Building, the generous gift of the Shepard family, the building most attractive outside and inside, and equipped according to modern library science.

Until 1945 Mrs. Annie Shepard was the beloved and efficient librarian.

During these twenty-five years visitors from towns interested in building new library buildings have come to inspect--and gone away praising.

The library has weathered a war when it lost quite a few patrons due to gas rationing, and now T.V. is stealing from the reading output.

Each year names are culled from the list of registrants, but often new names offset the discarded ones. The circulation remains fairly normal.

We are able to supply reading matter for teachers taking courses and there is always the shelf with books from the Congregational Church reading list.

The railings at the front door have been greatly appreciated--also the generous raise of the librarian's salary.

The inside renovating is noticeable and appreciated by visitors and patrons.

Thanks are due Mrs. Walter Harding for her yearly Christmas gift of a beautiful wreath for the front door and also to Miss Ruth Merigan for her efficient help.

Mabel C. Berry, Librarian.
